POSITION DESCRIPTION

POSITION: TEMPORARY COMMUNITY HEALTH REGISTERED NURSE

RESPONSIBLE TO: Community Health Nursing Supervisor

SALARY: \$34.95/Hr- No Benefits

CLASSIFICATION: Professional/Management, Temporary, Full-Time

LOCATION: Klamath Tribal Health & Family Services
Wellness Center, Chiloquin Oregon

BACKGROUND: P.L. 101-630 level

POSITION OBJECTIVE

The Temporary Community Health RN will be responsible for providing medical treatment and Community Health services for eligible tribal members. The Temporary Community Health scope of practice includes, but is not limited to prevention, health promotion, case identification, education, service coordination and advocacy for individuals and families in the local community. Routine duties shall include providing health care related services to individuals eligible for services provided by Klamath Tribal Health & Family Services in homes, schools, clinics, alternate job sites and other community locations within the Klamath Tribes service unit.

MAJOR DUTIES AND RESPONSIBILITIES

1. Care for and treat patients as directed by physician and/or designee; prepare patients for and assist with examinations. Administer injections & medications, dress wounds and incisions, lab testing, and perform related nursing tasks.
2. Assist with supervision of the Community Health Representatives in pursuit of attaining the Community Health program goals and responsibilities. Exercise full range of supervisory duties and program activities as assigned; which includes providing clear direction for all Community Health Representatives and assisting with evaluating job performance.
3. Assist with the development of the community health plans by utilizing the case management approach incorporating the nursing model.
4. Carry out action nursing plans through home visits, office visits, school visits, outreach clinics and group education.
5. Participate in Community Health caseload clinical staffing on a weekly basis with the Medical Clinic Director. Assist with coordination and participate in patient care conferences with medical, educational, and social services resources for the purpose of providing integrated care to tribal members.
6. Work cooperatively within own department and with other tribal programs to create a system of quality health care delivery through patient centered medical home model.
7. Assist all departments with patient education and services to patients through workshops and/or individual counseling sessions. Develop and implement educational lessons based on individual learning needs and/or provider referral.
8. Aid individuals and families to accept and adjust positively to physical, mental and social limitations. Assist the family to accept and assume the responsibility for providing and/or arranging for care and guidance toward self-help.
9. Maintain records and reports on patients, patient care plans, monthly service report, and other required information for use in program operation, quality assurance and other purposes.
10. Provide backup coverage for the Medical Clinic as directed by supervisor in times of short staffing.
11. The incumbent will be called upon to accomplish other tasks within their scope of work.

SUPERVISORY CONTROLS

Work is performed under the direct supervision of the Community Health Nursing Supervisor. This position requires consistent sound judgment and the ability to work independently with minimum supervision. The Community Health RN will work within the context of Community Health Nursing, Indian Health Services, and Klamath Tribal Health & Family Services procedures and protocols.

The Community Health Nursing Supervisor will provide instructions on policy and/or procedure changes and reporting requirements and will set overall objectives and priorities. The RN in consultation with the Community Health Nursing Supervisor will assist development of plans and schedules for providing comprehensive community health nursing services.

Employee performs daily assignments independently, resolving normal questions and problems according to established procedures and past experience and precedent. Unusual situations are discussed with supervisor. The employee shall exercise initiative in researching answers and solving problems.

KNOWLEDGE, SKILLS, ABILITIES

Management skills in formulating policy, program development, staff direction, supervision, training and development of organizational plans, and the effective accomplishment of set program goals; must have teamwork skills.

Ability to grasp and apply the basic principles of administration and operation of a health program.

Ability to work cooperatively with people: to maintain an objective attitude; to exercise tact and initiative; and to stimulate patients and families to follow constructive actions.

Ability to work well with a wide variety of people at all social, economic, and professional levels.

Ability to coordinate services with a diverse range of referral providers and community resources.

Ability to effectively work with the public, co-workers, and supervisors.

Possess the tact necessary to work effectively with patients, physicians and other employees.

Ability to establish rapport with patients to accomplish problem solving and education.

Ability to effectively plan, organize and prioritize work load.

Knowledge of professional nursing principles, techniques, basic sciences in the clinic, patient homes and the community.

Ability to carry out written and oral instructions; to exercise judgment in the application of nursing care; and to stimulate patients and families to follow constructive actions.

Knowledge of children, adult and healthcare worker immunizations recommendations and procedures.

Ability to prepare and administer medication and injections

Ability to perform specialized medical procedures, including IV therapy and phlebotomy.

Ability to identify medical priorities for patient care and telephone triage.

Must have ability to complete required documentation and required written follow-up.

Demonstrate proficient computer skills for data entry, scheduling and other related duties.

Demonstrate ability to accurately maintain records and/or a filing system.

Ability to provide telephone triage while “on-call”, including during afterhours and on weekends.

Ability to maintain strict confidentiality of medical records and adhere to the standards for health record-keeping, HIPAA and Privacy Act requirements.
