POSITION DESCRIPTION

POSITION: CLINICAL STAFF PHARMACIST

RESPONSIBLE TO: Pharmacy Director

SALARY: Step Range: 53 (\$128,178) – 72 (\$224,761); Full Benefits

CLASSIFICATION: Professional, Regular, Full-Time

LOCATION: Klamath Tribal Health & Family Services
Wellness Center, Chiloquin, OR

BACKGROUND: Comprehensive

POSITION OBJECTIVES

The Clinical Staff Pharmacist will provide quality pharmacy services, collaborating with primary care physicians and staff to improve the health of our patients. Duties include delivery of medication to patients, patient education, ensure appropriate drug selection, formulary management, patient management and assist with supervising ancillary staff members. The Clinical Staff Pharmacist will also continually work to develop patient care programs that will serve the best interest of our patients. The Clinical Staff Pharmacist will strive to improve patient care and service for individuals eligible for services provided by Klamath Tribal Health & Family Services in homes, schools, clinics, alternate job sites and other community locations within the Klamath Tribes' Service Unit.

MAJOR DUTIES AND RESPONSIBILITIES

1. Serve as a team member with the Pharmacy staff to develop and maintain Pharmacy related programs and a drug information center.
2. Maintain current knowledge of and comply with applicable state and federal laws, rules and regulations.

3. Maintain established procedures concerning quality assurance, security of controlled substances, and disposal of hazardous waste drugs.
4. Accurately compound and dispense prescribed medications, drugs and other pharmaceuticals for patient care according to professional standards and federal legal requirements.
5. Assure appropriateness of drug therapy in selected medications.
6. Contact and confer with the prescriber in a timely manner to clarify & answer questions regarding drug product selection to facilitate appropriate patient outcomes.
7. Provide consultation to all clients regarding their medication. Verify and assure that patients understand their medication and appropriate outcomes of their drug therapy.
8. Provide drug information and drug therapy consultation to patient, and ancillary staff/departments.
9. Consult with health care practitioners to establish high quality patient drug therapy plans & outcomes.
10. Manage therapy for detected patients when drugs are the primary method of treatment.
11. Assure availability, preparation and control of medications.
12. Utilize inventory control principles to establish/ensure appropriate cost effective asset management.
13. Assist with directing workflow, manage ancillary staff and ensure prescription delivery is timely and accurate. Delegate responsibilities as appropriate.
14. Assist with supervising the requisitioning and maintenance of supplies for the department.
15. Use reference materials or alternative sources of information when necessary.
16. Use Electronic Health Records suitably in the best care and management of KTHFS patients.
17. Assist in the orientation, training and education of support personnel, pharmacist and pharmacy students.

18. Make informed rational and timely decisions. Exercise independent judgment within the limits of authority. Consult with appropriate personnel in matters of uncertainty.
19. Serve as a role model by demonstrating a contemporary attitude & focusing on patient care outcomes.
20. Self identify professional deficiencies in the practice of pharmacy and take corrective measure to improve such deficiencies.
21. Influence others to strive towards organization and departmental objectives.
22. Improve patient care outcomes developing knowledge and skills in new areas of pharmacy practice as they arise through literature review, continuing education and collegial sharing of information.
23. Participate in interdisciplinary committees, drug protocol reviews and medication use evaluations.
24. Serve as member of P&T committee and provide input and/or direction.
25. Provide health promotion and disease prevention activities relating to drug use and preventive drug therapy.
26. Help implement, design and carry out patient care programs serving our patients best interests.
27. Receive training specific to the detection, correction and prevention of fraud, waste and abuse in the delivery of Medicare and Medicaid benefits. Training shall be performed within 30 days of hire and at least annually thereafter.
28. The incumbent will be called upon to accomplish other tasks within their scope of work.

SUPERVISORY CONTROLS

The Clinical Staff Pharmacist works under the direct supervision of the Pharmacy Director, who provides administrative program direction. Work is assigned in terms of functional/organizational objectives. The supervisor will provide guidance with unusual situations that do not have clear precedents.

The employee plans and carries out the day-to-day activities independently, resolves problems on the basis of past precedent; exercises judgment in interpreting guidelines and applicability; adhering to professional practices and legal requirements.

The employee is subjected to a variety of situations that would require using independent judgment and discretion. Assignments are reviewed for quality and compliance with established policies and procedures.

KNOWLEDGE, SKILLS, ABILITIES

Ability to maintain strict confidentiality of medical records and adhere to the standards for health record-keeping, HIPAA and Privacy Act requirements.

Skill and ability to communicate in a professional manner, both oral and written, with Klamath Tribal members; KTHFS health professionals, allied health workers, and departments; federal, state and local health agencies; general public; etc.

Must be able to participate in and promote team work; be courteous to patients, their family members, and co-workers.

Must be able to demonstrate good judgment in the ability to organize and direct workflow, manage ancillary staff and ensure prescription delivery is timely and accurate.

Must demonstrate a working knowledge of professional practice standards.

Must demonstrate knowledge and support for continuous quality improvement programs in the department and throughout the organization.

Professional knowledge and ability to apply drug utilization review.

Ability to counsel clients one-on-one on use of prescriptions, and over-the-counter drugs.

Knowledge and skill in the use of computers and various software programs.

Ability to manage inventory, including the maintenance of the controlled substance records; demonstrate working knowledge of inventory control principles to establish/ensure appropriate cost effective asset management.

Ability to fill prescriptions in a timely and accurate manner.

Knowledge and ability to extemporaneously compound medications.

Knowledge of state and federal regulations regarding the dispensation of medications.

Knowledge of diseases affecting Native Americans.

Knowledge or experience with Native American culture; preferably Klamath Tribal culture.

QUALIFICATIONS, EXPERIENCE, EDUCATION
